Good Love? Taking Action in Relationships

April 23-27

Empowering students, faculty, and staff through dialogue, education, and action.

Members of the University community are invited to participate in a series of dialogues led by co-gender, multi-racial teams of students and staff, in which we will have the unique opportunity to explore what is possible when we work together to develop a model for ending violence and other forms of oppression. This week of events is co-sponsored by 13 different groups on the Columbia and Barnard campus.

This Week on *Go Ask Alice!*

CU's Health Q&A Internet Service

- **Dying pubic hair?**
- **HIV from a needle stick?**
- **Is it better to be fit and fat than unfit and thin?**
- **Lethal lead in stoneware and crystal?**
- **After graduation, how do I find a doctor?**
(Retro Alice!)
