Do you know which important political figure is coming to campus tonight? John Ashcroft, right?

Yes. What do you think about him and/or his performance? I don't have an opinion right now.

If you were to meet him, what would you want to ask him or tell him? I would ask him if he wants to stay on campus 'til December 9th or 10th to see the Orchesis showcase

Do you know which important political figure is coming to campus tonight? John Ashcroft.

What do you think about him and/or his performance? I don't know much about him, frankly.

If you were to meet him, what would you want to ask him or tell him? I'd ask him things about Iraq and oil prices... things everybody else would ask him.

Do you know which important political figure is coming to campus tonight?

Who? John Ashcroft.

What do you think about him and/or his performance? No comment.

If you were to meet him, what would you want to ask him or tell him? What would he have to say about the current status of AIDS in the world?

Do you know which important political figure is coming to campus tonight?

John Ashcroft.

What do you think about him and/or his performance? I don't really have an opinion on him.

If you were to meet him, what would you want to ask him or tell him? How he got to where he is, or how he feels about his own performance.
