

You CAN Do Something About AIDS at Columbia

We are trying to find out how the AIDS epidemic affects Columbia.

We also want to deliver accurate information to you to help keep you safe.

Please fill out this questionnaire, fold it over, and drop it in the box on the table.

If you would like more information, fill out an index card and drop that in the box, too.

Do you worry about AIDS?

- Not at all. Sometimes. Often.

Which of the following best describes how well informed you are about AIDS?

- I am satisfied that I am completely and accurately informed.
 I know all I need to know.
 I would like more information (see next question).

What would be the best way for you to learn more about preventing AIDS?

- Reading the Spectator
 Reading other written material
 Attending a public talk
 Discussing issues in a small group
 Participating in one-to-one counseling

What is your age? _____ Columbia affiliation? _____

Are you: Female? Male?

If female, are you pregnant or thinking about becoming pregnant? Yes No

For any reason at all, do you feel at risk of getting AIDS? Yes No

OPTIONAL:

Have you ever shared a hypodermic needle with anyone? Yes No

Which description best characterizes your current sexual orientation?

- Exclusively heterosexual
 Mostly heterosexual, incidentally homosexual
 Mostly heterosexual, but more than incidentally homosexual
 Equally heterosexual and homosexual
 Mostly homosexual, but more than incidentally heterosexual
 Mostly homosexual, incidentally heterosexual
 Exclusively homosexual
